

Rebaz Foundation's Annual Report

2010-2011

Preface:

The Rebaz Foundation is a non-governmental charitable organization established in 2007 by a group of young concern activist in the United Kingdom. As the first health and educational NGO operating in Kurdistan the Foundation is working for the development of the Kurdish region in the areas of health and education. The Foundation's goal is to empower youth in Kurdistan to become outstanding citizens in using their capacities as well as their abilities to make the necessary changes in all aspects of their community.

Our Foundation:

- The Foundation is a non-governmental charitable organization.
- Established in 2007 in the United Kingdom by a group of young Concerned activist. The Foundation has been registered as an international Foundation through the ministering of planning.
- The Foundation is managed through 5 elected board of trustees.
- As the first health and educational NGO operating in Kurdistan the Foundation is working for the development of the Kurdish region in the areas of health, education and civic resources.
- The Foundation's goal is to empower youth of Kurdistan to become outstanding citizens in using their capacities as well as their abilities to make the necessary change in all aspects of their community.
- To support Kurdish students to achieve a higher standard education, especially in fields that do not exist in Kurdistan/Iraq.

Our Aims:

- Promoting health and education as well as civil resources in the Kurdistan region.
- Empowering young citizens to become engaged in civic participation.
- Assisting Kurdish students in attaining contemporary education.
- Supporting students in the establishment of grass forums.
- Supporting young people to be key actors in nurturing a value system in their societies where it respects human rights and dignity of all people.
- Raising awareness in people's natural capacities and bringing in expertise to draw own their capacities.
- The improvement of health sectors through training, as well as providing advanced equipment.
- Creating opportunities for education fills not in existence in Kurdistan region.

What We Do:

- Develop opportunities for students to obtain advanced education abroad.
- Raising awareness on health issue.
- Bringing inventive expertise in areas of Health and Education to Iraq and Kurdistan.

In Kurdistan we provide:

- Lectures as well as students with sufficient training in Universities as well as colleges.
- Health and Academic workshop/seminars.
- Mobile teams in rural areas targeting vulnerable population providing services in what we do.
- Raising awareness through open dialogue in areas of civic participation, gender equality amongst young citizens.
- Training for field staff in the Health sectors.
- Sufficient medical equipments in health services.
- Training for young people to become engaged in civic participation, capitalizing on their natural and abilities.

Location:

The Foundation has two accessible Offices, one in Erbil the Capital of Kurdistan Region and the other one in Sulaimaniya north of Iraq.

Board of Trustees:

- 1- Darbaz Kosrat Rasul (Chair)
- 2- Shakew Kostrat Rasul (Treasurer)
- 3- Dr. Jwan Ihsan Fawzi (Secretary)
- 4- Dr. Kawan Othman (Member)
- 5- Halat Hamawandi (Coordinator)

Report of the Chair

Several changes have been seen in this year of working, while some changes were seen in the political, administrative, cultural and social sides of the community. Some of these changes affected the range of organizational and governmental works in Iraqi Kurdistan. The tensions and conflicts of 17th of February, which lasted for more than two months, had brought about instability and froze some political, economical and even organizational works in some ways.

Despite the above mentioned tribulations our Foundation was able to perform its projects and activities without hesitation and was capable of making vital and luminous projects across Kurdistan region.

Our projects were various and they covered all areas of Iraqi Kurdistan. The Foundation was able to create useful local and international links to promote its relation and programs in future. Among those international sides were Australian Spectrum and Swedish SIDA. We were able to provide several scholarships in Australia for Kurdish students to study MA and PhD and sending a group to Australia to participate in a leadership course, as well as sending a staff to Sweden to attend an international training course about the human rights. Among others were UNISCO, UNICEF and USAID organizations.

Our projects have progressed especially in the field of Health and Education. We were able to build a health center in Shakrali village/ Sharazoor area in which 8 other villages will get benefit from. The Foundation has opened several training courses to physicians, health officers, patients and employees of most areas of Kurdistan.

Opening an awareness sector in Shorsh for training pregnant women was another luminous project of the Foundation while thousand of leaflets about deadly and transmitted diseases were published and distributed among all the sectors of our community.

In the education sector the Foundation gained several great achievements such as sponsoring 146 students to study at Cihan University as well as sponsoring 15 anfal family members to study at Technical Institute of Chamchamal. Several other educational training courses were opened to raise the educational awareness among the community.

Our Foundation is open to welcome people and support them to promote the civic recourses while many seminars, courses about human rights, women rights, and children rights were done. For the coming year we will open a huge hospital (Par Hospital) in Erbil which includes 93 beds and more than 30 various operation can be done in the hospital which will be specified to Anfal and martyred families.

In the coming year we wish to be more active and perform better works and activities.

Hereby I would like to thank the previous board members and staff of Rebaz Foundation who worked selflessly to promote the Foundation. I congratulate the new selected board members while I thank them for reelecting me as the chair of the Foundation. It is great to see that the Foundation has made its election successfully to elect 5 board members. Now the board members become 5 instead of 7 members. I wish them to work in a great way to develop the future works and activities of the Foundation and Kurdish community.

Chair of Rebaz Foundation
Darbaz Kosrat Rasool

Report of General Coordinator

Rebaz Foundation in 2011 faced fewer difficulties to manage and supervise the works and projects in comparison to the previous years while the Foundation was capable of performing new effective standard projects and activities in the most areas of Kurdistan.

The total number of the projects was increased as in this year the Foundation has implemented 57 useful and effective projects. In this year of work the Foundation employed a new manager to the Foundation who started working on 1/1/2011 as a suitable person to arrange the administrative works of the Foundation.

The Foundation also made its election to specify the new board members in which 5 new members were elected. The nominees are (Mr. Darbaz Kosrat/Chair, Mr. Shakew Kosrat/ Treasurer, Dr. Jwan Ihsan/ Secretary, Dr. Kawan Othman/Member and Mr. Halat Hamawandi/coordinator).

I would like to thank the previous members for what they have done to promote the Foundation, while I wish all the best and success to the new members.

In 2011 staff of the Foundation participated in several training and workshops arranged by (USAID, IREX NDI COMMUNITIES UPBED AUSID and SARDAM INSTITUTE).

In this year Rebaz Foundation tried to make projects to cover all areas of Kurdistan. The main focus of the projects was women, children and youth. The Foundation tried to make local and international links which will lead to have effective and multilateral projects and activities in the future.

We were able to sponsor 146 students to study BA at Cihan University (at the colleges of Pharmacy, Law, Biology, Finance and Administration, Accounting, IT and English Language). All the sponsored students were from poor, Anfal and martyred families of Kurdistan.

Another attempt to promote education was sponsoring 15 Anfal family members to study at the Technical Institute of Chamchamal.

The projects of our Foundation were in the sectors of health, education, civic, training, awareness, donation, financial support, women issue and scientific and academic guidance.

Opening a pregnancy care unit in Shorsh and building a health center in Shakrali village were among the decisive projects that the Foundation has implemented.

I hope we could gain better achievements in the coming year especially in the fields of health and education. Hereby, I would like to congratulate

Chair, Board members, manager and all the staff of the Foundation for what they have done in the year 2011.

General Coordinator
Halat Hamawandi
